WANTIRNA COMMUNITY FINANCIAL SERVICES LTD**CHAIRMAN'S ADDRESS**

23rd January 2006- 30th June 2006

Wantirna Community Financial Services Ltd was incorporated on the 23rd January 2006. Prior to that the directors and supporters of the company conducted an energetic subscription campaign to raise the initial capital of the company.

The company has been granted a franchise by Bendigo Bank Ltd to conduct a Bendigo Bank branch in the Wantirna Mall. It is exciting times for all of the traders in the Wantirna Mall and all of the customers who use the Wantirna Mall.

Our subscription campaign successfully concluded on the 31st May 2006. By that time, \$830,000.00 had been raised as subscribed capital to the company. We were given access to our chosen site on the 1st July 2006.

After the fitout was completed, our branch opened for business on Monday the 18th September 2006.

Non Audit Services

The company may decide to employ the auditor on assignments additional to their statutory duties where the auditor's expertise and experience with the company are important. Details of the amounts paid or payable to the Auditor (Andrew Frewin & Stewart) for audit and non audit services provided during the year are set out in the notes to the accounts.

The board of directors has considered the position, in accordance with the advice received from the audit committee and is satisfied that the provision of the non-audit services is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*.

The directors are satisfied that the provision of non-audit services by the auditor, as set out in the notes did not compromise the auditor independence requirements of the *Corporations Act 2001* for the following reasons:

all non-audit services have been reviewed by the audit committee to ensure they do not impact on the impartiality and objectivity of the auditor;

none of the services undermine the general principles relating to auditor independence as set out in Professional Statement F1, including reviewing or auditing the auditor's own work, acting in a management or a decision-making capacity for the company, acting as advocate for the company or jointly sharing economic risk and rewards.

Auditors' Independence declaration

A copy of the auditors' independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 4.

Signed in accordance with a resolution of the Board of Directors at Wantirna, Victoria on 29 August 2006.

1. Summary of significant accounting policies

Basis of preparation

This general purpose financial report has been prepared in accordance with Australian equivalents to International Financial Reporting Standards (AIFRSs), other authoritative pronouncements of the Australian Accounting Standards Board, Urgent Issues Group Interpretations and the *Corporations Act 2001*.

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets.

Application of AASB 1 First-time Adoption of Australian Equivalents to International Financial Reporting Standards (AIFRS)

These financial statements are the first Wantirna Community Financial Services Limited financial statements and also the first to be prepared in accordance with AIFRSs. AASB 1 *First-time Adoption of Australian Equivalents to International Financial Reporting Standards* has been applied in preparing these financial statements.

Revenue

Interest and fee revenue is recognised when earned. All revenue is stated net of the amount of Goods and Services Tax (GST). The gain or loss on disposal of property, plant and equipment is recognised on a net basis and is classified as income rather than revenue.

Income tax

Current tax

Current tax is calculated by reference to the amount of income taxes payable or recoverable in respect of the taxable profit or tax loss for the period. It is calculated using tax rates and tax laws that have been enacted or substantively enacted by reporting date. Current tax for current and prior periods is recognised as a liability (or asset) to the extent that it is unpaid (or refundable).

Income tax (continued)

Deferred tax

Deferred tax is accounted for using the comprehensive balance sheet liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax base of those items.

In principle, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that sufficient taxable amounts will be available against which deductible temporary differences or unused tax losses and tax offsets can be utilised. However, deferred tax assets and liabilities are not recognised if the temporary differences giving rise to them arise from the initial recognition of assets and liabilities (other than as a result of a business combination) which affects neither taxable income nor accounting profit. Furthermore, a deferred tax liability is not recognised in relation to taxable temporary differences arising from goodwill.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period(s) when the asset and liability giving rise to them are realised or settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by reporting date. The measurement of deferred tax liabilities reflects the tax consequences that would follow from the manner in which the consolidated entity expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when they related to income taxes levied by the same taxation authority and the company/consolidated entity intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax for the period

Current and deferred tax is recognised as an expense or income in the income statement, except when it relates to items credited or debited to equity, in which case the deferred tax is also recognised directly in equity, or where it arises from initial accounting for a business combination, in which case it is taken into account in the determination of goodwill or excess.

Goods and services tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable for the taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet. Cash flows are included in the statement of cash flows on a gross basis.

The GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the ATO are classified as operation cash flows.

Employee entitlements

The provision for employee benefits to wages, salaries and annual leave represents the amount which the company has a present obligation to pay resulting from employees' services provided up to the balance date. The provision has been calculated on undiscounted amounts based on wage and salary rates expected to be paid and includes related on-costs.

The company contributes to a defined contribution plan. Contributions to employee superannuation funds are charged against income as incurred.

Intangibles

The cost of the company's franchise fee has been recorded at cost and is amortised on a straight line basis at a rate of 20% per annum.

Cash

For the purposes of the statement of cash flows, cash includes cash on hand and in banks and investments in money market instruments, net of outstanding bank overdrafts.

Comparative figures

Comparatives have not been provided as the company had not commenced operations during the year ending 30 June 2005.

Property, plant and equipment

Plant and equipment, leasehold improvements and equipment under finance lease are stated at cost less accumulated depreciation and impairment. Cost includes expenditure that is directly attributable to the acquisition of the item. In the event that settlement of all or part of the purchase consideration is deferred, cost is determined by discounting the amounts payable in the future to their present value as at the date of acquisition.

Depreciation is provided on property, plant and equipment, including freehold buildings but excluding land. Depreciation is calculated on a straight line basis so as to write off the net cost of each asset over its expected useful life to its estimated residual value. Leasehold improvements are depreciated at the rate equivalent to the available building allowance using the straight line method. The estimated useful lives, residual values and depreciation method is reviewed at the end of each annual reporting period.

The following estimated useful lives are used in the calculation of depreciation:

- | | |
|--------------------------|----------------|
| - leasehold improvements | 40 years |
| - plant and equipment | 2.5 - 40 years |
| - furniture and fittings | 4 - 40 years |

1. Summary of significant accounting policies (continued)

Impairment of assets

At each reporting date, the consolidated entity reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the consolidated entity estimates the recoverable amount of the cash-generating unit to which the asset belongs. Goodwill is tested for impairment annually and whenever there is an indication that the asset may be impaired. An impairment of goodwill is not subsequently reversed.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss immediately, unless the relevant asset is carried at fair value, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised in profit or loss immediately, unless the relevant asset is carried at fair value, in which case the reversal of the impairment loss is treated as a revaluation increase.

Payment terms

Receivables and payables are non interest bearing and generally have payment terms of between 30 and 90 days.

Receivables and Payables

Receivables are carried at their amounts due. The collectability of debts is assessed at balance date and specific provision is made for any doubtful accounts. Liabilities for trade creditors and other amounts are carried at cost that is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the company.

Borrowings

All loans are measured at the principal amount. Interest is recognised as an expense as it accrues.

Provisions

Provisions are recognised when the economic entity has a legal, equitable or constructive obligation to make a future sacrifice of economic benefits to other entities as a result of past transactions or other past events, it is probable that a future sacrifice of economic benefits will be required and a reliable estimate can be made of the amount of the obligation.

A provision for dividends is not recognised as a liability unless the dividends are declared, determined or publicly recommended on or before the reporting date.

1. Summary of significant accounting policies (continued)

Contributed Capital

Issued and paid up capital is recognised at the fair value of the consideration received by the company. Any transaction costs arising on the issue of ordinary shares are recognised directly in equity as a reduction of the share proceeds received.

2. Financial Risk Management

The company's activities expose it to a limited variety of financial risks: market risk (including currency risk, fair value interest risk and price risk), credit risk, liquidity risk and cash flow interest rate risk. The company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the entity. The entity does not use derivative instruments.

Risk management is carried out directly by the Board of Directors.

(i) Market Risk

The company has no exposure to any transactions denominated in a currency other than Australian dollars.

(ii) Price Risk

The company is not exposed to equity securities price risk as it does not hold investments for sale or at fair value. The company is not exposed to commodity price risk.

(iii) Credit Risk

The company has no significant concentrations of credit risk. It has policies in place to ensure that customers have an appropriate credit history. The company's franchise agreement limits the company's credit exposure to one financial institution, being Bendigo Bank Limited.

(iv) Liquidity Risk

Prudent liquidity management implies maintaining sufficient cash and marketable securities and the availability of funding from credit facilities. The company believes that its sound relationship with Bendigo Bank Limited mitigates this risk significantly.

(v) Cash flow and fair value interest rate risk

Interest-bearing assets are held with Bendigo Bank Limited and subject to movements in market interest. Interest-rate risk could also arise from long-term borrowings. Borrowings issued at variable rates expose the company to cash flow interest-rate risk. The company believes that its sound relationship with Bendigo Bank Limited mitigates this risk significantly.

INDEPENDENT AUDIT REPORT

To the members of Wantirna Community Financial Services Limited

Scope

The financial report comprises the balance sheet, income statement, statement of changes in equity, cash flow statement, a summary of significant accounting policies and other explanatory notes and the directors' declaration for Wantirna Community Financial Services Limited for the financial year ended 30 June 2006.

The company has disclosed information about the compensation of key management personnel ("compensation disclosures"), as required by Accounting Standard AASB 124 Related Party Disclosures ("AASB 124") under the heading "remuneration report" in the directors' report as permitted by the ASIC class order 06/50. These compensation disclosures are identified in the directors' report as being subject to audit. The remuneration report also contains information not subject to audit.

The directors of the company are responsible for the preparation and true and fair presentation of the financial report in accordance with Accounting Standards in Australia and the Corporations Act 2001. This includes responsibility for the maintenance of adequate financial records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report. The directors are also responsible for the compensation disclosures contained in the directors' report.

Audit approach

We have conducted an independent audit of the financial report and compensation disclosures in order to express an opinion on them to the members of the company. Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance whether the financial report is free of material misstatement and the compensation disclosures comply with AASB 124. The nature of an audit is influenced by factors such as the use of professional judgement, selective testing, the inherent limitations of internal controls, and the availability of persuasive rather than conclusive evidence. Therefore, an audit cannot guarantee that all material misstatements have been detected.

We performed procedures to form an opinion whether, in all material respects, the financial report is presented fairly in accordance with Accounting Standards in Australia and the Corporations Act 2001 so as to present a view which is consistent with our understanding of the company's financial position, and performance as represented by the results of its operations, its changes in equity and their cash flows and whether the compensation disclosures comply with AASB 124.

Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial report, and the evaluation of accounting policies and significant accounting estimates made by the directors.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our audit was not designed to provide assurance on internal controls.

The audit opinion expressed in this report has been formed on the above basis.

Audit Opinion

In our opinion:

1. the financial report of Wantirna Community Financial Services Limited is in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the company's financial position as at 30 June 2006 and of its performance for the year ended on that date; and
 - (ii) complying with Accounting Standards in Australia and the Corporations Regulations; and
2. the compensation disclosures that are contained in the directors' report under the heading "remuneration report" comply with Accounting Standard AASB 124 *Related Party Disclosures*.
